

2006

- 1) Lecomte, D., Nzihou, A., Preface to the special issue of process safety and environmental protection on the 1st International conference on engineering for waste treatment: beneficial use of waste and by-products, *Proc. Safety Environ. Protec.*, **2006**, 84(B4), 235-236.
- 2) Kano, J., Zhang, Q., Saito, F., Baron, M., Nzihou, A., Synthesis of hydroxyapatite with the mechanochemical treatment products of PVC and CaO, *Proc. Safety Environ. Protec.*, **2006**, 84(B4), 309-312.
- 3) Bournonville, B., Nzihou, A., Sharrock, P., Depelsenaire G., Stabilization of minerals by reaction with phosphoric acid: evolution of model compounds, *Proc. Safety Environ. Protec.*, **2006**, 84(B2), 117-124.

2005

- 1) Nzihou, A., Adhikari, B., Pfeffer, R., Effect of metal chlorides on the sintering and densification of hydroxyapatite adsorbent, *Ind. Eng. Chem. Res.*, **2005**, 44(6), 1787-1794.

2004

- 1) Mgaidi, A., Ben Brahim, F., Oulahna, D., Nzihou, A., El Maaoui, M., Chemical and structural changes of raw phosphate during heat treatment, *High Temperature Materials and Processes*, **2004**, 23 (3), 185-194.
- 2) Bailliez, S., Nzihou, A., Beche, E., Flamant, G., Removal of lead (Pb) by hydroxyapatite sorbent, *Proc. Safety Environ. Protec.*, **2004**, 82(B2), 175-180.
- 3) Bailliez, S., Nzihou, A., The kinetics of surface area reduction during isothermal sintering of hydroxyapatite adsorbent, *Chem. Eng. J.*, **2004**, 98 (1-2), 141-152.
- 4) Nzihou, A., Bournonville, B., Marchal, P., Choplin, L., Rheology and heat transfer during mineral residue phosphatation in a rheo-reactor, *Chem. Eng. Res. Design*, **2004**, 82(A5), 637-641.
- 5) Nzihou, A., Adhikari, B., Effect of oxides and nitrates of lead on the sintering and densification of hydroxyapatite adsorbents, *Ind. Eng. Chem. Res.*, **2004**, 43(13), 3325-3335.
- 6) Bournonville, B., Nzihou, A., Sharrock, P., Depelsenaire G., Stabilisation of heavy metal containing dusts by reaction with phosphoric acid: study of the reactivity of fly ash, *J. Hazard. Mat.*, **2004**, 116(1-2), 65-74.
